Summer Night

Nearly 175 guests clad in their summer whites gathered at the Saugatuck Rowing Club in support of Project Return and Homes with Hope. The “Summer Night on the River” treated guests to dining and dancing by the river, tarot card readings and the mysterious skills of a mentalist. This was the first fundraising event held in celebration of the merger of the two long-standing Westport nonprofits. The new partnership allows Project Return to continue caring for and empowering young women in need, while providing Homes with Hope the opportunity to enrich its services for homeless young women. More than \$50,000 was raised for agency programs and services.
